

Currimundi Year 5 Term 2 Overview 2026

English

Unit 2: Engaging with information reports

Students read, view and comprehend an informative text.

They create a written and multimodal informative text for an audience.

Maths

Unit 2: Number, Algebra, Measurement

Students express natural numbers as products of factors and identify multiples and check the reasonableness of calculations.

They use mathematical modelling to plan a fundraising activity to make a profit.

Science

Unit 2: Chemical Sciences

Students relate the observable properties of solids, liquids and gases to particle motion and arrangement.

They identify variables in an investigation method and construct representations to organise data and information and describe patterns, trends and relationships.

HASS

Unit 1: People and the environment

Students investigate the characteristics of places and use evidence to draw conclusions about a preferred place to live.

The Arts

MUSIC Unit 2: Around the World with Music

students make and respond to music exploring the music-making of other cultures through their music journal.

Health

Unit 2: Healthy Habits

Students explore the concepts of health and wellbeing and the importance of healthy habits as a preventative measure.
