

Currimundi Year 3 Semester 1 Overview 2025

English

Constructing a persuasive response and creating information reports

Persuasive texts

Students write a persuasive letter.

Reading, viewing and comprehending informative texts

Students read, view and comprehend simple informative texts.

Writing and creating informative texts

Students create a written and multimodal informative text for an audience.

Maths: In Semester 1 students will consolidate and build on mathematical skills.

Interpreting and creating maps

Students interpret and create a map.

Conducting a guided statistical investigation

Students conduct a statistical investigation and create, interpret and compare data displays.

Solving number problems and exploring simple patterns

Students solve number problems and explore simple patterns

Measuring and comparing duration and events

Students measure and compare duration and events

Science: Life and living (*Biological sciences*) and Spinning Earth (*Earth and space sciences*)

Investigating living things

Students group living things based on observable features and distinguish them from non-living things.

Investigating the sun, Earth and us

Students explain the cause of everyday observations on Earth, including night and day, sunrise and sunset, and shadows and use diagrams and other representations to communicate ideas.

HASS: Inquiry question - How and why are places similar and different?

Exploring places near and far

Students identify, describe and interpret data about Australian places and explain the importance of making decisions democratically, the role of rules in the community and action in response to an issue.

The Arts

DANCE

Wildlife watch

Students respond to, choreograph and perform dance by representing ideas and stories about animals and the environment.

DRAMA

Country/Place

Students devise, perform and respond to drama about Country/Place.
